EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dale F. Regelman (Reg. No. 45,625) on 10/04/05.

The application has been amended as follows:

In claim 12, lines 1-2, "The article of manufacture of claim 9, said computer readable program code further comprising a series of computer readable program steps to effect" has been changed to:

---An article of manufacture comprising a computer useable medium having computer readable program code disposed therein to activate a code update for a data storage drive, the computer readable program code comprising a series of computer readable program steps to effect:

receiving a code update at said data storage drive while said data storage drive reads and/or writes data to and/or from data storage media; ---

In claim 20, lines 14-15, "is suitable for said host computer transparent event," has been changed to --- comprises an associated host time-out interval greater than the time required to activate the code update and perform the requested command, ---

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Bartel (USP 6,754,895), the closest reference, does not teach or fairly suggest:

"determining if said host computer command comprises an associated host time-out interval greater than the time required to activate the code update and perform the requested

command; and operative if said host computer command comprises an associated host time-out interval greater than the time required to activate the code update and perform the requested command, activating a command update and performing said host computer command”

Furthermore, Bartel also fails to disclose:

“wherein said data storage drive comprises an identity, and wherein said data storage drive is disposed in a storage subsystem;

transferring said identify to a second component disposed in said storage subsystem;

activating said code update,

returning said identity to said data storage drive from said second component.”

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David E. Martinez whose telephone number is (571) 272-4152. The examiner can normally be reached on 8:30-5:00 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dov Popovici can be reached on (571) 272-4083. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
